INFORMATION

Why choose to continue to study languages?

TRAVEL - Learning languages gives you greater opportunities to travel and work abroad.

STUDY - Languages combine well with virtually any subject for further study. Many universities even offer funding to help students to extend their language knowledge by spending time abroad.

CAREER - Languages are a life skill highly valued by employers in today's global market; they demonstrate, amongst other things, outstanding communication and team working skills, adaptability, problem solving and commitment.

Why GERMAN?

You might want to learn it to travel to Germany during your summer break, or study in a German-speaking country, or for the sound of the language. It's still important to know that Germany has the third largest economy in the world and is the economic powerhouse of the European Union. The Germans excel in exportation, from cars to machinery and industrial equipment, from pharmaceuticals to household goods. Multi-national business opportunities exist throughout the European Union and in the Eastern European countries, where German is the second most spoken language after Russian. Remember that Germany is Scotland's biggest trading partner in Europe. So if you are looking for employment in the UK, knowing German can give you great advantages.
