

## Have your say...

**Work with us to shape how we engage with parents and carers in years to come and create the best learning outcomes for children across Aberdeenshire.**

You are invited to take part in shaping and influencing the draft Aberdeenshire Parental Involvement and Engagement Strategy 2018 - 2021 which is about how we can best support parents and carers to be involved and engaged in their child's learning. It's globally recognised your input has the single biggest impact on their achievements. This is about learning together.

Information has been sent to schools, nurseries, playgroups, libraries, leisure and community centres to explain how you can give your views and influence parental involvement and engagement in Aberdeenshire.
