Note: Spaces are limited and are subject to availability. Applicants who meet wider access criteria markers will be prioritised.

The Access To programme offers subject-focused sessions and support sessions, delivered by RGU's academic teaching staff and the ACCESS RGU Team. Both elements are designed to help you make informed decisions about your future career and prepare you for higher education level study at college or university.

You must be prepared to make a regular commitment to attend these out of school sessions. 'Access To' is for hard-working students who will make the most of this opportunity to achieve a goal of college or university study.

“

**I am so thankful that I got to take part in this experience and had the chance to meet so many lovely people as well as learn skills which will help prepare me for a future university course. It has also showed me that university isn't as scary of a place as I thought it would be and I can't wait to come back and study!**

”

### **How will you benefit from the Access To programme?**

- Gain knowledge in a variety of degree subjects
- Develop confidence in applying for degree courses at RGU
- Gain invaluable experience that can be used in UCAS application personal statements
- Develop an understanding of RGU courses ahead of starting university
- Achieve a certificate once you have completed the programme
- An introduction to the university environment and student life.
- Support to develop transferable skills – problem-solving, teamwork, communication, presentation.
- Independent study.
- Advice and support to make informed decisions about your future.
- Advice on careers, pathways and progression.
- An RGU student card and access to the library and online learning resources, along with access to retail discounts via our Associate Student Scheme.
