

Why Business Management?

We all rely on business and entrepreneurs to create wealth and employment. This course helps you to develop skills in numeracy, employability and enterprise. You will also learn how to communicate effectively by working with others, as well as how to work independently, and how to lead activities when appropriate. These skills are valuable in a wide range of careers.

BUSINESS MANAGEMENT NATIONAL 5

Details of Course Components

Business Management gives learners the opportunity to develop problem solving, communication, planning and organising skills. Learners will combine IT based learning with practical and theoretical aspects of Business Management. Through this learners will understand how businesses operate and be able to apply these skills and knowledge to real-life business contexts.

The course has 3 compulsory units:-

- ◆ Understanding Business
- ◆ Management of People and Finance
- ◆ Management of Marketing and Operations

There is also a Value Added Unit - Business Assignment.

ASSESSMENT

Assessment is by continuous assessment throughout the course and also by an SQA External Exam
