

## Why Business Management?

We all rely on business and entrepreneurs to create wealth and employment. This course helps you to develop skills in numeracy, employability and enterprise. You will also learn how to communicate effectively by working with others, as well as how to work independently, and how to lead activities when appropriate. These skills are valuable in a wide range of careers, but are particularly useful if you are interested in a career in the small business sector.

# BUSINESS NATIONAL 4

## Details of Course Components

Business is a practical hands-on subject that relates the study of business to real life situations.

The course has two compulsory units plus an added value unit:-

- ◆ Business in Action
- ◆ Influences on Business
- ◆ Added Value—Business Assignment

## ASSESSMENT

The course is assessed by a combination of internal assessment and an external examination, set and marked by the SQA.
