

YOUNG APPLICANTS IN SCHOOL SCHEME (YASS)

What is YASS? The Young Applicants in Schools Scheme (YASS) gives S6 students in Scotland the unique opportunity to study a range of university level modules in school, alongside their other studies, during S6. Subjects include –

Fundamentals of Accounting
Communication Skills for Business
Spanish Studies
Law Making in Scotland
Introduction to Statistics,
Computing
and many more.

Check out the website below or see Ms Bisset for further information.

<http://www.open.ac.uk/scotland/study/young-applicants-schools>

S6 pupils study independently for these units, while linking to an Open University tutor. Assessments are completed on-line and graded by the tutors. Help and support is available from the tutors via email and tutorials, as required. YASS study can be completed at home or in school.
